Marfleet Primary School
Admissions ç for the 2020/21 Academic Year

1. Background

On 1 October 2017 Marfleet Primary School became part of Ebor Academy Trust. The Trust has schools in various local authorities including Hull, North Yorkshire, East Yorkshire and York.

The Academy Trust is its own admissions authority; this means it is responsible for setting its own admissions arrangements.

The Local Authority has a duty to co-ordinate admission arrangements for all Hull Primary Schools. The Local Authority will ensure that all Hull parents whose children are starting school for the first time receive the offer of one primary school place on the agreed date. The criteria which are to be used to allocate places are described below.

This policy applies to applications for Marfleet Primary School. Admissions criteria for other Academy Voluntary Aided or Trust Schools can be obtained from the individual institution

This policy sets out how many children the school will admit and how we will decide which applicants will qualify for places if the number of applications is more than the number of places available.

2. Admission Arrangements

The admission arrangements set out how many children the schools will admit and how they will decide which applicants will qualify for places if the number of applications is more than the number of places available.

An admission number will be published showing the maximum number of pupils that the school will admit in the academic year 20/21. Parents are given the opportunity to express three preferences for a primary school. Published criteria are used to decide which children should be offered the available places. In primary schools an equal preference system operates, whereby the three parental preferences are given equal status. Each preference will be considered equally against the admissions criteria. The allocation of school places is based on parental
